

Steps to Grace-Filled Working

Here are some practical suggestions to make your work more grace-filled:

- Pray a lot, go to reconciliation and ask the Holy Spirit to guide you.
- Begin each day by offering to God all you will do.
- Ask the Lord to help you to understand and appreciate your giftedness.
- Ask family and friends about their perceptions of your gifts.
- Don't hesitate to ask the Lord at anytime for the grace you need in a particular situation to do your work well and with love.
- During the offertory consciously offer all of the joys and frustrations of your work so that they may become part of the gift offered to our Heavenly Father.
- Remember that work is ultimately about communion - put people first.
- Do the ordinary with extraordinary love.
